CAREER OBJECTIVE

AI & Data Science undergraduate with strong foundations in Java, Python, SQL, and problem-solving. Passionate about software engineering, backend development, and AI applications. Seeking an internship opportunity to apply technical skills and build scalable solutions.

EDUCATION

2024-2028

B.E Artificial Intelligence and Data Science

VSB Engineering College Current CGPA: 8.55

2022 - 2024

Akshaya Matric Hr Sec School HSC – 81%

2021 - 2024

Akshaya Matric Hr Sec School SSLC – 85%

TECHNICAL SKILLS

Languages: Java, Python, SQL

Database: MySQL

Tools: Git, GitHub, Postman, Firebase

Concepts: OOP, API Testing, Debugging

SKILLS

- Leadership
- Communication
- Problem Solving
- Analytics
- Teamwork
- Collaboration

PROJECT

Smart Speech Improvement Platform with Adaptive Practice and Real-Time Tracking

Developed using HTML, CSS, JavaScript, and Python.

Implemented authentication and speech performance tracking.

Integrated Pinecone vector database.

Used Postman for API testing and debugging.

Improved frontend and backend integration.

CERTIFICATIONS

NPTEL – Python for Data Science (Elite)

Infosys Springboard Internship 6.0
